

St. Clair County Road Commission
 PROPOSAL - (ADDENDUM)**
 Limestone Aggregates
 PRIVATE DOCK

In strict accordance with your requirements and specifications and the Michigan Department of Transportation specifications, or as specified below, we the undersigned, respectfully submit the following prices for the calendar year of 2008.

All prices to include loading and weighing and all other cost associated in the supplying of material. The contractor shall be responsible for providing scales and assume the cost of same. The cost for providing scales shall be reflected in the contract unit price. It shall be the contractor's responsibility to see that the scales are certified by the appropriate agency and that proof of certification is received by the Road Commission before starting their operation. The weigh person shall be provided by the Road Commission.

The contractor shall also be responsible for providing loading of materials or assume the cost of same. The cost for providing loading shall be reflected in the contract unit price. Supplier shall commit to supply ALL required material. All material is considered to be F.O.B.

It should be understood that in addition to our major township limestone haul, additional tonnages, of varying quantities, will be required throughout the year to be hauled by contract trucks and/or Road Commission trucks.

All prices are based on net tons. PNT = Per Net Ton
